SAGAR GUPTA

Govindpuri, Kalkaji, New Delhi • 8809197377 • sagarkshn8@gmail.com

Software Developer & Web Developer

Detail-oriented Software Developer proficient in modern web and software technologies including JavaScript, React.js, Node.js, and MongoDB. Demonstrated success delivering robust projects such as full-stack e-commerce platforms and interactive games. Strong problem-solving skills, effective team collaboration, and adherence to agile methodologies. Eager to leverage academic knowledge and hands-on experience to solve real-world challenges in a dynamic development team.

WORK EXPERIENCE

Kuruvi Q Commerce Private Limited
Full Stack Developer • Internship

07/2025 - Present
Remote

Worked on building and integrating backend APIs using Node.js, Express.js, and MongoDB for core e-commerce features.
Also contributed to frontend development in React.js, ensuring smooth user experience and seamless API integration.

kartBuddy
Full Stack Developer - Internship

06/2025 - 08/2025
Remote

- Performs both frontend and backend development tasks, with a strong focus on seamless API integration.
- Implements version control using Git and contributes to team collaboration through GitHub workflows.

EDUCATION

Bachelor Of Computer Applications
Shankara Institute of Information Technology

Rajasthan, India • 07/2022 - 06/2025

PROJECTS

Car-Game
Created a browser-based car game using HTML, CSS, and JavaScript. Playable on PC with smooth controls, engaging gameplay, and responsive design.

Personal Portfolio
Developed a responsive portfolio using MongoDB, Express.js, React, and Node.js. Showcases projects and skills with a clean UI, interactive components, and a functional contact form connected to the backend.

Virtual Assistant
Built a voice-activated virtual assistant using Python that delivers news headlines, plays songs on Spotify, opens websites, and provides real-time weather forecasts using API integrations.

Shopping Website (MERN)
Developed a full-stack e-commerce platform using MongoDB, Express.js, React, and Node.js with user and admin panels. Admin panel enables efficient management of products, orders, and users.

SKILLS

Bootstrap, C++, Django, DSA (Problem Solving), Express.js, Git, GitHub, Java, JavaScript, MongoDB, Next.js, Node.js, Python, React.js, TypeScript(TSX)
